

Targus(ACH228EU)

Targus - Hub - 2 x USB 3.2 Gen 1 + 1 x USB-C 3.2 Gen 1 + 1 x USB-C 3.2 Gen 1 (power delivery) - desktop

Turn one USB-C port into two USB-A ports and two USB-C ports with the USB-C Multi-Port Hub with 2x USB-A and 2x USB-C Ports with 100W PD Pass-Thru. Connect your USB-A and USB-C peripherals - like mice, keyboards, flash drives and hard drives - by plugging in up to four devices in the USB ports and connecting the tethered USB cable into your computer's USB-C port. You can also keep your laptop charged and powered by connecting your laptop's USB-C power adapter to the USB-C port on the hub.

Key Selling Points

Connectivity made simple
Charge and power host device
Perfectly portable

Product Features

Connectivity made simple

Enhance your productivity and connect to more with this four-port hub, including 2 USB-A ports and 2 USB-C ports.

Charge and power host device

With PD pass-through, this hub allows you to power and charge your USB-C laptop or host simply by connecting the laptop's power adapter into the USB-C port. Great for those laptops with only one USB-C port.

Perfectly portable

Slim and light, this hub is perfect for the home, office or anywhere in between. Great for mobile workers or those in hoteling or hot-desking environments.
