

## HyperJuice(HJ1001BKWWGL)

### HyperJuice - Power adapter - 145 Watt - output connectors: 4 - black

The Targus HyperJuice HJ1001BKWWGL power adapter is a versatile travel charger designed to meet all charging needs. Offering 145 watts of power, this adapter is equipped with multiple output connectors, allowing for simultaneous charging of up to four devices. With protective features such as overheat, overcurrent, overvoltage, overpower, and short-circuit protection, it ensures a safe charging experience. The incorporation of Qualcomm Quick Charge 3.0 and 2.0 technology enhances charging efficiency, while the Programmable Power Supply (PPS) capability and Power Delivery (PD) 3.1 support make it adaptable to various devices for fast and reliable charging. Built with Gallium Nitride (GaN) technology, this adapter is compact yet delivers high performance, making it an ideal companion for travelers who need to stay powered on the go.

## Key Selling Points

- Provides 145 watts of power for efficient charging
- Supports multiple devices with four output connectors
- Features extensive safety protections for safe usage
- Includes Qualcomm Quick Charge for fast charging
- Compact design with advanced GaN technology

## Product Features

### Versatile travel design

The Targus HyperJuice power adapter features a compact form factor, making it easy to carry during travels while delivering powerful charging capabilities.

### Robust power output

With a total power output of 145 watts, this adapter can efficiently charge multiple devices at once, ensuring users can power up their essential gadgets simultaneously.

### Advanced safety mechanisms

Designed with several protective features, including overheat, overcurrent, overvoltage, overpower, and short-circuit protection, ensuring safe operation while charging.

### Fast charging technology

Equipped with Qualcomm Quick Charge 2.0 and 3.0, this charger reduces charging time, making it suitable for users on the go who require quick power solutions.

### GaN technology

Using Gallium Nitride (GaN), this power adapter minimizes heat loss and enhances efficiency, allowing for a smaller and more powerful charging solution.

## Main Specifications

Product Description	HyperJuice - power adapter - 145 Watt
Device Type	Power adapter - external
Weight	434 g
Power Capacity	145 Watt
Output connectors	2 x 24 pin USB-C 140 W   1 x 9 pin USB Type A 18 W   1 x 24 pin USB-C 45 W
Included Accessories	5 power plug adapters
Colour	Black
Dimensions (WxDxH)	7.85 cm x 10.126 cm x 3.2 cm
Manufacturer Warranty	2-year warranty

## Extended Specification

### General

Device Type	Power adapter - external
Colour	Black

### Manufacturer Warranty

Service & Support	Limited warranty - 2 years
-------------------	----------------------------

### Miscellaneous

Included Accessories	5 power plug adapters
Features	Gallium Nitride (GaN), Power Delivery (PD) 3.1, over voltage protection, over current protection, overheat protection, overpower protection, Programmable Power Supply (PPS) capability, Qualcomm Quick Charge 2.0, Qualcomm Quick Charge 3.0, short-circuit protection
Compliant Standards	UL 94 V-0

### Power Device

Power Output Connectors Details	2 x 24 pin USB-C 140 W †   1 x 9 pin USB Type A 18 W †   1 x 24 pin USB-C 45 W
Power Capacity	145 Watt

### Dimensions & Weight

Width	7.85 cm
Depth	10.126 cm
Height	3.2 cm
Weight	434 g
