

## OtterBox Symmetry Clear MagSafe Apple iPhone 16e/15/14/13 - clear - v2(77-98189)

### OtterBox Symmetry Clear MagSafe Apple iPhone 16e/15/14/13 - clear - v2

Protect your cell phone with the OtterBox Symmetry Series Clear case, designed for those who seek both style and functionality. This protective cover features a sleek and ultra-slim design, ensuring that your device remains easy to handle while providing robust protection against drops and bumps. The case is compliant with MIL-STD-810G 516.6 and UL 2809-2 standards, so you can trust its durability in everyday use. Equipped with built-in magnets, this case offers seamless wireless charging support while maintaining tactile buttons for easy access. The reinforced corners enhance protection, while raised edges around the camera and a screen lip provide additional safeguards for your device. Made from 40% recycled plastic, this case protects your phone and contributes to sustainability efforts.

## Key Selling Points

- Designed for cell phone protection with an ultra-slim and sleek design
- Built-in magnets for wireless charging support
- Durable construction compliant with military standards
- Reinforced corners and raised edges for enhanced protection
- Made from 40% recycled plastic for eco-friendliness

## Product Features

### Sleek design

The ultra-sleek design of the OtterBox Symmetry Series Clear case enhances the overall aesthetic of your cell phone while providing a slim profile that fits effortlessly in pockets or bags.

### Solid protection

With drop+ protection, reinforced corners, and camera protection, this case is built to withstand everyday impact, giving users peace of mind.

### Wireless charging support

Integrated built-in magnets allow for convenient wireless charging, so there's no need to remove the case when it's time to recharge your device.

### Eco-friendly materials

Comprising 40% recycled plastic, this case contributes to environmental sustainability while maintaining high standards of quality and durability.

### Functional features

The case includes tactile buttons for easy access and built-in anchors for compatibility with camera control, ensuring a user-friendly experience.
